EDUCATION

M.S Ramaiah University Of Applied Sciences (October 2023 – Present)   **Bengaluru, India**

B.Tech in Information Science and engineering (SGPA: 8.3)

WORK EXPERIENCE

Codec Technologies   **Remote**
                                                                                      Aug. 2025 – Sept. 2025

MERN STACK INTERN

Worked as a MERN-Stack Developer Intern at Codec Technologies, where Built a full-stack vacation rental platform during my internship, enabling property owners and travellers to connect. Implemented user role management, secure authentication, file uploads, and email notifications to enhance user experience and platform scalability.

PROJECT EXPERIENCE

: **Staya – Vacation Rental Marketplace (Airbnb) GitHub**

Developed a full-stack vacation rental platform allowing property owners to list accommodations and travelers to book stays. Implemented user role management, secure authentication (Passport.js), cloud-based file storage (Cloudinary), and responsive UI (EJS, Bootstrap) with scalable RESTful APIs using Node.js and MongoDB.

Tech Stack: Node.js, Express.js, MongoDB, Mongoose, EJS, Bootstrap, Cloudinary

: **Retro Spotify GitHub**

Developed a retro-themed music streaming web app as part of my first hackathon (beginner-friendly project). Implemented features like search, play, pause, and custom playlists using JavaScript. Collaborated with the team on design, code reviews, and debugging to ensure smooth performance.

Tech Stack: HTML, CS ,JS

Achievements   Link

- Participated in "Mini holiday hackathon" which was conducted by **Codédex**
- Achieved name as **Mini Holiday Hackathon 2024 Hacker**

SKILLS & INTERESTS

- **Languages:** Python, JavaScript, Java, C, C++
- **Front-End:** HTML, CSS, Tailwind CSS, React.js
- **Backend:** Node.js, Express.js

- **Databases:** MySQL, NoSQL
- **Version Control:** Git, GitHub
